

The Pyranha SprayMaster™ Kit - Automatic Barn Misting System for Insect Control

Includes everything you need for a four-stall barn! (Expandable to 50 stalls!)

Controls harmful flying and biting insects in and around your barn!

The Pyranha SprayMaster™ consists of a ½ horsepower electric motor-driven pump controlled by a solid state electronic timer that is programmed to dispense an insecticide formulation in the form of a very fine mist at specific intervals through special spray nozzles. The result is a state of the art, hassle free solution for the control of harmful flying and biting insects in and around horse barns.

The Pyranha SprayMaster™ System Kit:

- Complete System Kit – includes motor, timer, pump, 55 gallon drum, 8 nozzles, 160 ft. of tubing with fasteners and one 2.5-gallon refill. This is the basic package for a (4) stall barn.
- SprayMaster™ Systems are easily expandable to a 50+ stall barn.
- Nozzles cover a 12 x 12 area (average stall or wash rack). If additional nozzles are needed a nozzle kit is available and comes with 5 nozzles & 100 ft of tubing.
